

Master Series Gas XPress Grill

Specifications:

The XPress Grill's upper and lower grill plates cook both sides simultaneously, reducing cook times by up to 50%. Upper grill plate is automatically raised and lowered by a lift system powered by a quiet actuator.

Lower griddle plate made of 3/4" (19mm) thick carbon steel, machine ground and highly polished.

Lower grill plate heated by one electric heating element and two gas burners.

Upper platen heated by nickel plated cast aluminum electric heating elements.

Electric top heater provided with replaceable quick release Teflon sheets. Available in three phase power for Delta or Wye electrical systems.

Voltage sensing and power management automatically adjusts power to electrical system voltage.

Item:

Quantity: Project:

Approval: Date:

Available with CSA approvals for natural or propane gas.

Available with CE approvals for G20, G25, and G31 gas.

All have NSF approval.

Installation with zero clearance against non-combustible surfaces.

NOTE: Grills supplied with casters and installed with flexible gas hose must be installed with an approved restraining device.
